RULINGS OF CHAIR ALL AGAINST THEM

Hadley and Johnson and Heney
Bear the Brunt of
Battle

CHICAGO, June 18.—Senator Borah announced this morning that the Roosevelt forces had selected Governor McGovern of Wisconsin as their candidate for the temporary chairmanship of the convention instead of Borah.

The Coliseum doors opened at 10:16. Georgia's was the first state delegation to arrive. The New York delegation, with Barnes leading, entered at 10:40. Roosevelt arrived at 11 o'clock. He expressed confidence that Taft would control.

MAILED DECORATED WITH TRI-COLORS AND POLICE

The balconies of the Coliseum are decorated with tri-colored bunting and evergreen. A blue standard bearing a replica of the government seal is hung from the rafters, forming the background of the stage. A band occupies a stand in the north end of the hall. Twenty-two gigantic policemen are massed before the speakers' stand.

THE CALIFORNIA FIGHTERS APPEAR ON BATTLE FIELD

The California delegation marched into the hall bearing a banner inscribed "Let the People Rule—California for Roosevelt by 77,000 Majority." The Rooseveltites cheered loudly.

Mrs. Florence Collins Porter of Los Angeles and Mrs. Chas. D. Blancy of San Jose, were quietly seated. Mrs. Blancy wore a brilliant red hat, in startling contrast to the surrounding bald heads. Mrs. Porter doffed her hat and piled it in with the men's headgear in the aisle.

At 11:40 the hall was jammed and delegates were standing on chairs to get a better view. The announcement that the Wisconsin delegation had decided to vote for McGovern for temporary chairman caused a sensation.

GAVEL FALLS AT TWO MINUTES PAST TWELVE

Chairman Roosevelt of the national committee called the convention to order at 12:02.

Senator Flinn and his Pennsylvanians were hardly able to restrain themselves during the formalities. Barnes and his New Yorkers sat stolidly, Barnes wearing a cynical frown.

The Pennsylvania and New York delegates became embroiled over seat ownership. The Pennsylvanians called the police and got the seat. Secretary Haywood's reading of the convention call was drowned by the uproar, but few delegates hearing anything that was said.

The convention uproar was so great that Roosevelt's poundings with a gigantic gavel were unnoticed. The police were compelled to take the stage to silence delegates.

At 12:16 o'clock flashlight photographs were taken.

At 12:18 the crowd arose to the stirring strains of "The Star Spangled Banner."

At 12:30 Father Callaghan began the invocation. At 12:35 the reading of the national committee call was concluded.

GOV. HADLEY OPENS THE FIGHT FOR TEDDY

The chair then recognized Gov. Hadley of Missouri, who forced his way to the platform amid cheers and began reading a typewritten document.

Barnes of New York rose to a point of order, but was not recognized and Hadley proceeded: "I rise to a question of order and desire to know whether the temporary roll is properly framed. Hadley moved that the committee's list of delegates be amended by substituting a list he carried. Watson of Indiana argued that Hadley was out of order. Roosevelt gave twenty minutes for debate.

In opening the debate Hadley said: "The question is has the national committee absolute power to control the list of delegates. If so we have established a political oligarchy with powers to make candidates and pass laws. If it is within the power of twenty-seven men to say what shall be considered a majority of this convention, then we have ceased to have representative government within the party. It is a question now of whether the delegates shall or shall not pass upon their own qualifications. In 1884 the same contention arose and the convention decided that the national

Big Republican States Refuse to be Obligated

CHICAGO, June 18.—Notice was served on the national committee and the Republican national convention last night, by thirteen great Republican states that they would not be bound by a nomination secured by fraud. Following is the statement issued:

"We denounce the fraud by which the discredited majority of the Republican national committee has made up a temporary roll of the national convention; and we deny the right of the committee to make a roll that might result in a nomination that is effected by dishonesty and trickery. We desire to serve notice on the committee and on the convention that the rank and file of our party never has permitted dishonesty in the party machinery to be a test of party regularity."

"HENRY E. WASSON, chairman Pennsylvania State Republican Committee."

"WALTER F. BROWN, chairman Ohio Republican State Central Committee."

"BORDEN D. WHITING, national committeeman-elect of New Jersey."

"WILLIAM ALLEN WHITE, national committeeman of Kansas."

"MEYER LISSNER, chairman California Republican State Committee and national committeeman-elect."

"R. B. HOWELL, national committeeman-elect, Nebraska."

"THOMAS THORSON, national committeeman, South Dakota."

"I. A. CASWELL, national committeeman, Missouri."

"THOMAS K. NIEDRINGHAUS, national committeeman, Missouri."

"RICHMOND PEARSON, national committeeman, North Carolina."

"GEORGE E. PRIESTLY, national committeeman, Oklahoma."

"WILLIAM SEYMOUR EDWARDS, national committeeman, West Virginia."

"FRANK KNOX, chairman Michigan Republican State Central Committee."

JOHNSON URGED AS ROOSEVELT'S MATE AT BIG MASS MEETING

CHICAGO, June 18.—Governor Hiram W. Johnson of California was proposed as Theodore Roosevelt's running mate in a speech last night by Governor Stubbs of Kansas.

Delegates representing every section of the country greeted the suggestion with approval. There were three cheers and a tiger for "Roosevelt and Johnson."

The occasion was a caucus of all the Roosevelt delegates called to consider matters connected with the convention fight. Governor Johnson was called on to make an address and his ringing demand for "a fight program" brought the delegates to their feet repeatedly. At the conclusion of Governor Johnson's speech Governor Stubbs mounted a chair and paid a glowing tribute to California's militant executive.

"I want to see Roosevelt selected as our candidate for president," he said, "and I am just as eager to see our candidate for vice president, Governor Johnson of California."

Delegate Young of Pennsylvania followed Governor Stubbs and declared "there is no stronger combination than these two exponents of progressive Republicanism—Roosevelt and Johnson."

HARRY THAW WINS FIRST INNING IN HIS FIGHT

WHITE PLAINS, June 18.—Harry K. Thaw, slayer of Stanford White, won his first inning yesterday in his fight for his release from the state asylum for insane criminals at Matteawan, when Dr. Roy L. Leak, second assistant physician at Matteawan, testified that the prisoner is constitutionally inferior, but otherwise he found him to be sane.

WOMAN AVIATOR KILLED AT FAIR

Flight at Illinois State Fair
Ended in First Death of
Women Flyers

SPRINGFIELD, Ill., June 18.—Miss Julia Clarke of Denver, 28 years old, and one of the three flying licensed female aviator pilots, was killed at the Illinois State fair grounds at 6:43 o'clock last night when the tip of one of the wings of a Curtiss biplane in which she was making a flight struck the limb of a tree and the machine was dashed to the ground, crushing her skull. Grimly suspicious of the machine, which was alleged to have had an unlucky record, Miss Clarke left a note requesting that if she were killed her body be taken to Denver for cremation.

PASADENA, June 18.—Two Occidental College boys, "Thad" Jones and Francis Baer, arrived at St. Anthony, Newfoundland, Sunday, and after a two weeks' stay at that port will journey far north on the coast of Labrador. The boys are under charge of Dr. Grenfell, who has done much missionary work in Labrador.

Two-Pound Baby Is Smallest Ever in Long Beach
LONG BEACH, June 18.—A baby two pounds in weight is being nursed at the Bethlehem Inn. The infant is the smallest ever born in this city. She is the daughter of Mr. and Mrs. O. F. Causey of 350 Molino avenue.

Fire Destroys Business Center of Ray, Arizona
PHOENIX, Ariz., June 18.—Fire, which started in a theater building yesterday morning destroyed the business section of the mining town of Ray. None are reported lost or hurt. Dynamite was used to check the flames.

WASHINGTON, June 18.—When the convention fight was at its hottest this afternoon, President Taft went to a ball game.

ALL IS READY FOR THE RUN

Automobile Club Trip Tomorrow is Bound to be a
Big Success

Tomorrow is the day of the run of the Santa Ana Automobile Club, and it is going to be the biggest kind of a success. It will be a day of pleasure for all of those who go, and at the same time the club will campaign for good roads and will make the trip a hand-shaking affair as between the county seat and the cities that will be visited.

The start will be made from the city hall at 8 o'clock. Orange, Anaheim, Fullerton and Whittier will be visited on the way to Long Beach, and Westminster and Garden Grove returning. A repair car with mechanics will follow the cars, and break-downs will be quickly attended to.

H. D. Connell, president of the club, says that there is going to be a big crowd.

FOREST FIRE AT BANNING

Flames Rage Two Miles North
of Town Menacing Thou-
sands of Acres of Grain

BANNING, June 18.—A forest fire is threatening the National forest two miles north of Banning. All rangers, the Catholic School for Indians and half of the population of Banning are fighting the fire. Fanned by a heavy wind, it is sweeping toward thousands of acres of grain.

ROOSEVELT GETS NEWS BY A DIRECT PHONE TO COLISEUM

CHICAGO, June 18.—Roosevelt received convention news by a direct telephone line between apartments at the Congress Hotel and to the Coliseum. He issued personal orders to his lieutenants on the floor. He said he was undecided whether he would personally attend the convention. It is rumored he holds a delegate's badge for use in emergency.

\$50,000 FETE FOR DELEGATES INTERNATIONAL RED CROSS

WASHINGTON, June 18.—A fusillade of rapidly exploding dynamite mines and the sudden transformation of a miniature battlefield set with platoons of manikin soldiers into "a field of carnage," with a fully equipped corps of Red Cross nurses rushing to do service among the "wounded" was the crowning feature in a series of surprises which made the \$50,000 fete Mr. and Mrs. Edward Beale McLean gave recently one of the most astonishing and spectacular affairs ever given in Washington. Small fortresses dotted the gardens, and cavalry and cannon added to the realism of the martial picture.

Red Cross ambulances and Red Cross nurses arranged on wires charged with electricity whirled rapidly to the scenes of the several explosions, and within twenty minutes after the firing of the first mine the Italian gardens set with fifty battalions of soldiers in battle array looked like a Red Cross hospital camp in the full tide of a bloody fray.

The occasion marked the climax of a week's entertaining planned in honor of the delegates to the international Red Cross conference.

Eight hundred guests, including notables from every country in the civilized world, attended the reception, which was marked by the elegance of a court function.

Mrs. Edward Beale McLean, wearing a robe of cloth of gold, embroidered in pearls and having among her jewels the famous Hope diamond, received with Mme. Baekmeft, wife of the Russian ambassador and an aunt of the host. The gorgeousness of the floral decorations surpassed anything Washington has witnessed in a decade, while in the gold banquet hall stood a board set with the magnificent gold service presented to the late Thomas Walsh by the late Leopold, king of Belgium.

New York caterers served the guests, and several bands of musicians distributed throughout the house added to the brilliancy of a splendid fete.

Throughout the entire day electricians from New York were at work in the gardens placing the half hundred bombs embedded in soft clay, which "timed" for the demonstration of the first aid work of the Red Cross hospital service, made possible one of the most thrilling and realistic features ever devised for the diversification of guests.

PROHIBITIONISTS MAY CHANGE NAME

Party Organization May Soon
Christen Itself as the Lib-
eral Party

OMAHA, June 18.—A nation-wide movement is on foot to change the name of the Prohibition party to the liberal party. George L. Cleaver, a prominent Prohibitionist and banker of Imber, Ore., who is on his way to attend the national Prohibition convention at Atlantic City, is a leading spirit in the movement. He is a candidate for congress. Mr. Cleaver declared today he had assurances of support from Eugene W. Chafin, Prohibition candidate for president four years ago; Frank B. Stevenson, associate editor of the American Advocate, the party's official organ, and Dr. Sheen, candidate for governor of Illinois a year ago.

JUNE SNOW STORM
Colorado Mountains Visited by One
of the Heaviest June Snows
in the State's History

DENVER, June 18.—One of the heaviest June snowstorms in the history of the state has been raging since Monday midnight in the mountain sections.

The heaviest fall was at Breckenridge, where the precipitation in twelve hours amounted to twenty-four inches, with no indications of clearing.

875 RAISIN GROWERS
JOIN RAISIN EXCHANGE
DINUBA, June 18.—W. J. Deckman has been named as the Dinuba district representative of the California Raisin Exchange, and work of organization for the exchange work will be continued with all possible dispatch until the marketing season opens. It is reported that whereas five months ago the total membership of the exchange included but 100 growers, there are now on the list no less than 875 raisin men, who have pledged their support to the co-operating market plans.

Quickly Accepted
Last night City Clerk Burke read the offer. Trustee McPhee moved that it be accepted and that the president and clerk be instructed to execute whatever documents are necessary to carry out the agreement.

President By said he thought that it would be best to have a committee investigate the plan, as it was all new to him.

"A majority of the board is already

TAKE SEWAGE OF CITY TO OCEAN

Agreement of Sugar Company
and City Means Quick
Solution of Problem

\$15,000 LEASE IS MONEY FOR ITS SHARE

Southern Part of City Will Get
Sewerage That it Has Long
Waited For

The City Trustees have entered into an agreement with the Southern California Sugar Company whereby the sugar company leases the sewer farm for seven years, paying \$15,000 rent in advance, and takes the city's sewage, joining the city's outfall to the sugar company's outfall leading to the Pacific Ocean. With the \$15,000 the city will build an outfall south on Bristol to the sugar company's land at the corner of Bristol street and Delhi road, will build a septic tank at that point, and will build an outfall that will make it possible to soon sewer the entire southern portion of the city, north of Fairview avenue and McFadden streets.

This in short is a brief statement of by far the biggest proposition that the city board has handled. The board's committee, consisting of Trustee George McPhee, Sewer Superintendent Ransom Reid and City Engineer S. H. Finley have been working diligently and quietly on the matter for months, and their negotiations resulted in a written proposal from the sugar company being presented to the trustees last night. That proposal was accepted. In brief its proposals are:

Outline of Plan
First, the company will need the city land 100 by 200 feet at the northeast corner of the company's fifty acres at the northwest corner of Bristol street and Delhi road. This is to be a site for a septic tank. The city will grant to the sugar company the right to build a pipe line on the city's right-of-way across the Willow Land Company property to the ocean, which pipe line may carry the waste water and sewage of the sugar factory, the sewage sent through the septic tank and the waste water of the Willow Land Company.

Second, the company leases for seven years 115 acres of the 157 acres of the sewer farm, paying \$15,000. The city will use the \$15,000 to build an outfall from the present outfall where it crosses Bristol street at Willett street, south to the proposed septic tank at Delhi road. At that point the sewage enters the pipe lines of the Southern California Sugar Company to be conducted to the ocean or used for irrigation purposes. Also the city will build an outfall for the south part of the city, east from Bristol along Fairview avenue to Main street, north on Main fifty feet, thence east to Orange avenue.

Third, the company agrees to care for all of the sewage of the city for \$200 per month. This includes the sewage of the Pacific Electric tract, the outfall of which is west of Bristol street, which sewage must go to the present sewer farm. The city assumes the responsibility of septicizing all sewage, and guarantees the company against nuisance troubles because of sewage not septicized. All other responsibility for the care of the sewage passes to the sugar company.

Fourth, should the sugar company sell or quit business it gives to the city an option on its outfall to the ocean, the price to be fixed by appraisers agreeable to both parties or by an arbitration board. Either party at the end of the sixth year may give notice to the other of decision to quit the contract at the end of the seventh year, and in case neither party gives notice the contract for the care of the sewage must continue another year beyond the term of seven years.

The offer was signed by F. H. Case and C. A. Riggs, president and secretary of the Southern California Sugar Company.

Quickly Accepted
Last night City Clerk Burke read the offer. Trustee McPhee moved that it be accepted and that the president and clerk be instructed to execute whatever documents are necessary to carry out the agreement.

President By said he thought that it would be best to have a committee investigate the plan, as it was all new to him.

ROOSEVELT'S SPEECH A CLASSIC IN HISTORY OF AMERICAN POLITICS

THE NATIONAL COMMITTEE SCORED

Shown by Inexorable Logic to be Thoroughly Unrepresentative

TREMENDOUS OVATION FOR PEOPLE'S FAVORITE

Makes the Issue Clear as Between the People and the Bosses

CHICAGO, June 17.—To be beaten by ordinary bosses is bad enough, but to be beaten by ex-bosses and men who are among the "unburied dead" is a positive disgrace.

That was the gist of Theodore Roosevelt's tribute to Bosses Penrose, Crane, Murphy, Mulvane and others last night in a monster mass meeting called to protest against the frauds committed by the national Republican committee.

The great audience which packed the Auditorium howled its delight. As the former president whacked the individual party bosses over the head his words were punctuated with repeated outbursts of almost frenzied enthusiasm.

It was a fighting speech. It was more than that. It was a great classic that will live so long as history of American politics shall endure.

The present contest, he said, was a fight to the finish. There would be no compromise, and the crooked political bosses will not be permitted to make good on their steal.

"Use the Exact Words I Mean!" He used the words "political theft" in describing the operations of the national committee and then snapped his jaws together with the remark: "I use the exact words I mean!"

Keeping It Up

TELLING POINTS IN COLONEL ROOSEVELT'S SPEECH BEFORE CHICAGO MASS MEETING

The big bosses who control the national committee represent, not merely the led captains of mercenary politics, but the great crooked financiers who stand behind these led captains.

In every great crisis of the kind we face today we find arrayed on one side the men who with fervor and broad sympathy and lofty idealism stand for the forward movement—the men who stand for the uplift and betterment of mankind, who have faith in the people—and over against them the men of restricted vision and contracted sympathies whose souls are not stirred by the wrongs of others.

The sons of all of us will pay in the future if we of the present do not do justice to all in the present.

We are standing for elementary decency in politics. We are fighting for honesty against naked robbery.

We come together to protest against a crime which strikes straight at the heart of every principle of political decency and honesty, a crime which represents treason to the people and the usurpation of the sovereignty of the people by irresponsible political bosses, inspired by the sinister influences of moneyed privilege.

Sympathetic and approving jeers and shouts of "Shame, shame," greeted his mention of the names of the men responsible for the outrages committed last week by the so-called "Republican national committee."

He declared that the crimes committed were more monstrous than many of the crimes for which men are now serving terms in the penitentiaries.

"If the convention does not purge the roll," he declared, the candidate nominated will not carry a half dozen states."

As emphasizing his fixed determination not to allow any packed convention to defeat the will of the people, he exclaimed:

"I made my fight square and in the open—and I won!"

This rally brought the vast audience to its feet and the demonstration, one of several during the night, lasted several minutes.

"And I don't intend that they shall cheat me out of it!" he thundered above the tumult.

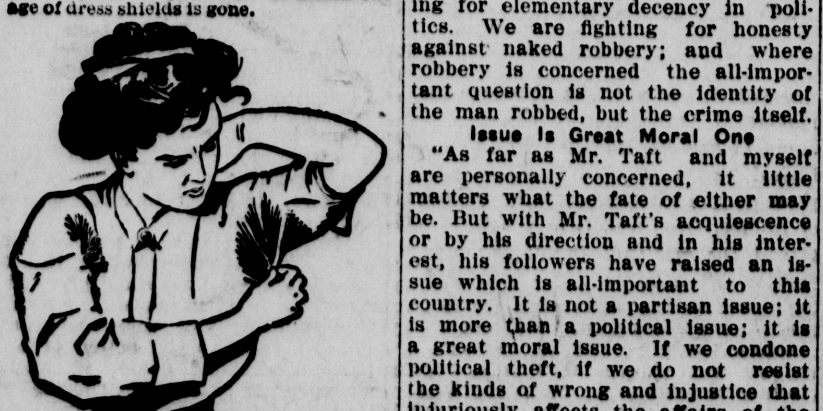

Roosevelt Enters—A Most Dramatic Moment
It is seldom that one has an opportunity to witness such an inspiring sight as was presented when Roosevelt first came upon the stage.

Senator Borah had been telling of

Rip-p-p-p-p! Out Come Thousands of Dress Shields!

Hereafter, Madame, You Are Going to Feel More "Comfy" Under the Arms.

Girls, get a box of PERSPI-NO right away at the drug store, and get one of the surprises of your life. It means the age of dress shields is gone.

No More Ruined Gowns, No More Dress Shields, If You Use PERSPI-NO.

PERSPI-NO keeps the arm-pits just as fresh and dry as any other part of the body. You can wear any weight of clothing, be in hot stuffy rooms, in a warm theatre or dance-hall and never over-perspire in the arm-pits. The colors in a colored gown will never run. The cloth will never fade, get stiff from perspiration and then rot and tear and ruin your gown at the arm-pits. Nevermore!

No more rolling up of dress shields like ropes under the arms. PERSPI-NO is a delightful powder, absolutely safe for everybody, and never harms any fabric. It's a wonder. Try it once, and be convinced. You apply it with a pad, which is packed with every box.

Satisfaction or money back. PERSPI-NO is for sale at your druggist's at 25c a box, or sent direct on receipt of price, by the Perspo Co., 215 Lincoln Ave., Chicago.

ment of the whole country. Tonight we come together to protest against a crime which strikes straight at the heart of every principle of political decency and honesty, a crime which represents treason to the people, and the usurpation of the sovereignty of the people by irresponsible political bosses, inspired by the sinister influences of moneyed privilege. We, here in this hall, are engaged not only in a fight for the rights of every decent Republican; we are engaged in a fight for the rights of every decent American whatsoever his party may be.

Fight Had to Be Made
"When in February last I made up my mind it was my duty to enter this fight it was after long and careful deliberation. I had become convinced that Mr. Taft had definitely and completely abandoned the cause of the people and had surrendered himself wholly to the biddings of the professional political bosses and of the great privileged interests standing behind them. I had also become convinced that, unless I did make the fight it could not be made at all and that Mr. Taft's nomination would come to him without serious opposition. The result has justified both my beliefs. I earnestly ask you fellow progressives who have supported other candidates to remember that one of the cardinal principles of the doctrines which we hold in common is our duty normally, loyally and in good faith to abide by the well-thought-out and honestly expressed action of a majority.

Falsity of Convention Fatal
"If the convention proves false to the cause of the people; if it records the will of the bosses, whether yet unbeaten, as in New York and Colorado, or beaten as in Massachusetts and New Jersey, in Pennsylvania and in Kansas, it will wreck the Republican party; it will put back the cause of democracy; it will be false to every principle of honor and justice. It cannot with honesty or propriety stand in any shape or way for the action of the national committee; neither by accepting that committee's nomination of the temporary chairman, nor by accepting its decision as to the seating and unseating of contested delegations.

"I hold that the convention itself is of right the only judge of the qualifications of its own members. From Washington, California, Arizona, Texas, Kentucky, Indiana, Alabama and certain other states, the people elected certain delegates who are legally and morally entitled to sit in the convention.

"What happens to me is not of the slightest consequence; I am to be used, as in a doubtful battle, any man is used, to his hurt or not, so long as he is useful; and is then cast aside, or left to die.

"I will hope you feel this. I mean it; and I shall need no sympathy when you are through with me, for this fight is far too great to permit us to concern ourselves about any one man's welfare."

COLORADO RIVER FLOOD SUBSIDING

But Dykes Crumble and Indians Man Raft to Rescue of River Dam

NEEDLES, June 18.—The Colorado river is floating a derrick and raft of piles to the scene of the break in the levee at Palo Verde valley. The daring feat offers the only means of damming the gap in the dike. Indians are manning the raft, which men refusing to risk their lives on the turbulent stream.

The derrick will be swung in place by ropes carried ashore by swimmers, and baled hay is to be used to wedge the crevice.

River rats are blamed for the crumbling of the levee. The animals undermined the wall and this gave the water a chance to find its way through.

Indians early yesterday brought reports to Fort Mojave of a big break in northwest Arizona, where the river is said to have left the channel for many miles, cutting a new course across a barren waste. Twenty miles south of Needles a large portion of an Indian village yesterday was swept into the stream.

GARDEN GROVE Y. P. B. HAD GOOD MEETING

Officer Elected—Silver Medal Contest Will Soon Be Held by Young Men Members

GARDEN GROVE, June 18.—The Y. P. B. met with Miss Velda Fulson last Friday evening.

Mr. Francis Westgate was elected assistant recording secretary. Plans were developed for a silver medal contest to be held on the evening of June 28. The class is composed of young men who are also members of the Y. M. C. A.

A paper on "Therapeutics of Alcohol," written by Miss Lissie Brown, was read and contained much truth regarding alcohol in medicines.

Miss Mildred Harper read an article on "Coca-cola," which brought out animated discussion on summer drinks.

"A Bunch of Jonquills," read by Mr. Warren Ashleigh, helped all to realize the importance of the Flower Mission department.

Miss Clara Harris delighted the members with several piano solos. One new member was received. Games and dainty refreshments closed a very pleasant evening.

STATE SOCIETIES WILL DINE; A TABLE FOR EVERY STATE

The third annual banquet of the Federation of State and Provincial Societies of Southern California will be held in the great dining room of the Hamburger building, corner of Broadway and Eighth street, Los Angeles, on Thursday evening, June 27, at 7 o'clock. These annual gatherings are splendid patriotic affairs

HE SURPRISES HIS FRIENDS

Garden Grove Man Did Not
Tell Them He Would Not
go Alone

GARDEN GROVE, June 18.—Mr. John U. Kerner has been telling his friends that he intended enjoying a trip to the Yosemite Valley, starting this week, but he failed to mention the fact that he would take a bride with him as a companion, which he did, as he was married in Los Angeles yesterday to Jennie Wilson of that place. This is a surprise to Mr. Kerner's many friends here.

The new brick building being erected by J. D. Price is well under way. The upper story will be used for offices and a public hall and the lower floor will be for store rooms.

O. F. Smith is building a bungalow on the four-acre piece he bought of Willis Newsome some time ago.

The W. C. T. U. will meet at the home of Mrs. George Rolfe on June 19. The subject is to be "Flower Mission." All ladies are invited. Sunday, June 23, will be Temperance Sunday.

Burns S. Chaffee graduated from the Johns Hopkins Medical School June 11, and has accepted a position as intern at St. Agnes' Hospital, Baltimore, Md.

Mr. and Mrs. F. H. Apenarius of Bishop are on a trip here, visiting relatives. Mrs. Apenarius, who was Miss Lura Garner, was a former resident of this place.

ident of this place. After a short visit here they will return to Bishop to make their home there.

Tom Tenary, who was injured last week by catching his hand in the belt of his pumping plant, is improving as rapidly as possible.

Miss Miller, who fell and broke her arm and cut a gash in her head, is improving.

Miss C. M. Kimball and Mrs. S. K. Bill were visitors at the home of Mrs. Albert Owen in Los Angeles on Tuesday.

Miss Gerna Nimmo, who has been staying with Mrs. Sarah K. Bill during this winter and attending school has returned to her home on the San Joaquin ranch.

Mrs. Sadie Jewell has let the contract for a six-room bungalow to be erected at once near the center of town.

Mr. J. Jentges will erect a building on the lot back of the bank and will start a feed and fuel establishment.

Mr. Hudson has purchased the cottage on the Greenfield place one and a half miles east of town and will move it into town and remodel it for rent.

Minnie B. Wilmont of San Diego, daughter of Mrs. R. L. Greenleaf, is here to spend the summer.

A hard time box social was held at the home of Chas. Swall last evening and was well attended.

The luncheon was brought in tin pails or plain boxes. The proceeds will go into the piano fund for the Latter Day Saints church.

SPEED TRIAL DISAGREEMENT

Five Voted to Convict A. C. Lantz, and Seven Voted For His Acquittal

Five for conviction and seven for acquittal was the way the jury stood that yesterday tried A. C. Lantz in City Recorder Willson's court on a charge of speeding his automobile faster than the law allows.

Officer Ryan testified he saw Lantz traveling on West Fourth street at a rate of speed he judged to be between thirty and thirty-five miles an hour. Officer Boynton judged the rate to be thirty miles an hour. On cross-examination he said he could not positively swear it was thirty miles an hour.

Lantz testified that he happened to notice his speedometer, and he was going less than fifteen miles an hour.

ITCHING, FIERY, RAW ECZEMA

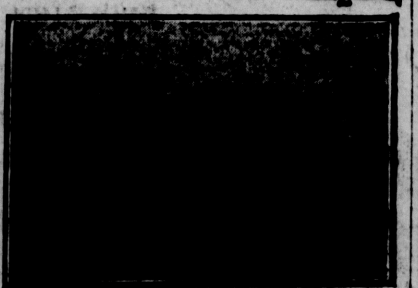

Relieved in a Few Seconds

—Yes, an itching, burning, raw, irritating skin relieved the moment Zemo touches it. Zemo is a clean, soothing, healing wash, composed of Thymol, Glycerine, Witch Hazel, Boric Acid and other medicinal healing properties. Zemo relieves and cures every form of skin and scalp eruption, and if you are not entirely satisfied with results from the very first 25-cent bottle, druggists will refund your money. Large size bottle \$1. Endorsed and sold in Santa Ana by Wheeler & Mateer's drug store. Zemo is prepared by E. W. Rose Medicine Co., St. Louis, Mo., and their guarantee is as good as gold.

TAKE SEWAGE OF CITY TO OCEAN

(Continued from page one)

familiar with the plan, and has investigated it thoroughly, and is ready to act now," said McPhee. McPhee's motion carried, there being no opposing vote. Trustee Grubb only was absent.

What the Plan Means
The plan is accepted by the committee and the board as the solution of Santa Ana's sewer outfall problem. The southern part of the city has been without sewers, and could not be sewered except by building an outfall to the ocean or by establishing a new sewer farm further south than the one now used. Also the present outfall was crowded to its full capacity, and something had to be done to relieve the conditions.

By the carrying out of this plan the trustees will not have to call for a bond election. Estimates made by the city's experts were that an issue of \$80,000 would be necessary, if the city had to build its own outfall. The interest on that would be \$4000 a year or thereabouts. By the plan entered into no bond issue will be necessary.

Up to District
The sewerage of the south part of the city will soon be up to the district. The city will go ahead with building an outfall to Orange avenue immediately, and there is no reason why the district should not take immediate steps to complete plans for sewerage. It is proposed to form of the south part of the city a district such as was formed to give the Pacific Electric tract sewerage. By the plan entered into no bond issue will be necessary.

Contract Given
A contract was entered into with J. G. Robertson for wiring the city barns, his bid being \$30.50. The mayor called attention to the fact that on two or three evenings a part of the street lights were not burning.

The bonds of Z. L. Parmelee as an electrician; S. Hill & Son for plumber's license, and J. G. Robertson as electrician were accepted.

Proposed Paving
Property owners on Fourteenth between Bush and Main petitioned to have the street graveled and oiled. The petition was referred to the street committee.

A number of owners on East Tenth from Main to French petitioned for paving the street with concrete base and asphalt surface, at ten cents per square foot, such as is proposed on Bush street from Fifth to Ninth.

A petition for the same pavement on Bush from Tenth to Washington was presented, 776 feet frontage out of probably 1250 feet being signed. Fred Rafferty appeared for the petitioners. The petition was referred back for more signatures.

A petition for paving Bush from Ninth to Tenth was presented, signed by the board of education, the schools owning half the frontage.

McPhee moved to grant the petition, and said that block ought to be paved and all of it curbed. Mr. Morton, called on by Mayor Ey, said he thought the gravel and oil there now makes a good street. Questioned by McPhee, Morton said the present improvement cost him but \$8 for his share. He favored more pavement if the city paid for it.

Prof. Babble, an owner between Tenth and Eleventh, said some of the owners are hardly able to pay for the pavement.

McPhee: "When it was announced at the last meeting as a reason for not paving that block between Ninth and Tenth that the property owners had paved that block, I didn't know what a small amount that work had cost. That was a poor excuse. It cost them \$5 apiece, and they have got that much good out of it already. Mr. Mayor, some of your property there is not curbed?"

Ey: "You can destroy trees and still have Santa Ana. I have some of the prettiest trees in the city there, but unfortunately they lie on the curb line. When Mr. Warner put in his curb and sidewalk he asked none of the rest of us about it. He laid these where the grade stakes were set. I put in a six-foot walk on Bush and I have a nine-foot walk on Ninth."

McPhee was in favor of granting the petition because the schools want the street improved.

There seemed to be no second to McPhee's motion.

Attorney Forgy of Los Angeles went over the specifications for the proposed El-o-so paving. Alderman called attention to the fact that the specifications called for a rotary mixer, which Alderman thought would exclude competition. Forgy said that rotary mixers are on the market, and competition is not excluded entirely. The Blake Bros. use the rotary, which puts the mixture on the ground hot, a haul not being necessary. Blake Bros. propose to take the contracts.

Heathman said the city runs no danger in adopting the specifications.

Alderman: "Have we any specifications for the 4-inch concrete base?" Heathman said he did not know, all he wanted to do was to keep the board from getting into deep water. "You won't even let us start," said Alderman. "We are doing concrete work all over town."

H. J. Forgy said the property owners want those specific El-o-so specifications with a rotary mixer to be used, because the property owners can get a lower price than they can by any other asphaltic specifications, and they want the thing in shape for using the Vrooman Act. Forgy also asked for the city to have a set of specifications for the concrete base.

Alderman moved the El-o-so specifications be referred to the city engineer and that he be asked to submit

Rebuilding & Expansion

Extra Special, \$7.50 to \$12.50, Skirts, Choice \$5.50

Here are some bargains for you in Dress Skirts. We have put a "clean out quick" price on a big selection of high grade skirts, in voiles, poplins, panamas. They come in plain colors of black, navy, gray, brown, and cream. The styles are staple, pleated models of good width. These skirts are handsomely tailored and made of splendid materials; and in perfect condition; the only reason why we price them at this remarkable reduction is the fact that they are cut wider than the narrow models now in demand. If you do not like the "skimpy" skirts, but want a comfortable garment, come in now and make your selection.

These skirts were regularly sold at \$7.50, \$8.50, \$10.00, \$11.50, and \$12.50. **\$5.50**

As an extra special clean up for this sale we offer you a choice for

**We Must Close Out Spring Suits Before
We Move This Department. Look
At the Big Reductions We're Making**

This is a chance you don't get very often, to buy stylish, new, tailored suits right in the middle of the season. \$20.00 SUITS AT\$14.00	\$27.50 SUITS AT\$19.25

Rankin Dry Goods Co.

107 WEST FOURTH 410 NORTH MAIN

with them specifications for a concrete base. The motion carried.

C. S. Forgy said the committee from the street had letters from Geo. R. Wells, an engineer of Los Angeles, who investigated the pavement and found it good, and signed up for its use here.

A map for the second sub-division of the Heninger Bros. was accepted. The park custodian's request for 300 feet of hose was granted. Ey to buy the hose.

Gas Franchise
Attorney Goodwin of Hunsaker & Britt of Los Angeles, appeared for the Southern Counties Gas Co., cited to appear to show cause why it should not take out a franchise. F. R. Bain, president of the company, was present. Goodwin said he did not know just what the demand of the city is. He said that he thinks the company, up to October, 1911, had the right to enter on the streets, subject to reasonable control. The October, 1911, amendment places in the power of the city the enforcement of any reasonable regulation, and Goodwin said that the use of the streets for extensions made since 1911 must be by franchise.

"The gas company wants to do everything in its power to meet the wishes of this board," said he. "The company is only too willing to meet you, but we are at sea as to what you want."

City Attorney Heathman said Goodwin had fairly stated the law. The question came up as to whether or not the city could demand a franchise for the mains laid and used before October, 1911. Goodwin contended in a lengthy argument that the city has no right to demand a franchise for any portion of the gas system in operation in October, 1911, but he did not deny the right to demand a franchise for the additions since that date.

Heathman agreed with Goodwin, and suggested that a committee be appointed to make a map showing the exact extent of the system in October, 1911.

"If you had to pay percentage on new extensions wouldn't you be asked about making extensions?" asked McPhee.

"The company is out after business," said Goodwin. Alderman said the company had been dilatory about making new connections.

On McPhee's motion a committee to list the extensions was named, Alderman and Finley being the committee.

Manager Kavenagh stated that under the present management 500 new meters have been added here.

McPhee reported that out of 18 lots on East Second near Grand, 11 lots are signed for the sidewalk.

"One of the chief petitioners is a working man who carries his lunch to work, and he ought to be patted on the back for his enterprise," said McPhee. On McPhee's motion the resolution ordering the work was passed, and thirty days given to do the work.

Offers Franchise
The franchise to be offered for sale, proposed to be bought by the Pacific Telephone & Telegraph Co., was read. The term of the franchise is twenty years. A clause giving the city full power without cause to remove any and all poles was stricken out by consent. Poles erected must be on lot lines. In removal of wires to allow house-moving two-thirds of the cost shall be borne by the telephone company and one-third by the one to whom the per-

mit for moving the house is granted. Two per cent of the gross receipts of the company is to be paid into the city treasury annually. This franchise is to be put up for sale on July 22, open to bids.

The notice of election for the board of freeholders on July 2 was ordered published.

Needed Changes
McPhee stated that there is a bad condition at the corner of Main and Santa Clara, where a guy-wire is in the center of a path next to a ditch. This wire ought to be changed. At the same corner a gas vent proves a nuisance, and the gas company was asked to make a change. Also it was suggested that the street superintendent should cover about ten feet of the ditch, else someone may be injured there. Also the street superintendent was instructed to clean up a three-cornered place at the corner of Main and Santa Clara. These suggestions were made into instructions.

Greenleaf and McPhee, police committee, were appointed as a committee to draw up proper resolutions on the death of City Marshal Wilson, to purchase a floral piece for the city to be sent to the funeral, flowers from the city park to be used.

On motion it was decided to close the city hall from 2 to 4 o'clock, city officers to attend the funeral.

A curb and gutter were ordered in on Birch street from Fifth street 150 feet northward.

The street superintendent was instructed to oil Santa Clara avenue from Main to C street.

A committee was appointed in regard to improving Sullivan street from Fifth street to the south city limits. Property owners have offered to assist.

Street Superintendent English was instructed to notify the property owners on French from Washington to Fifteenth to lay sidewalks on the west side.

Building Inspector Roper was granted a two weeks' leave of absence.

Theo. Lacy, Jr., was continued as acting city marshal until such time as a city marshal is appointed to fill the vacancy caused by the death of G. S. Wilson.

THE BUSINESS SITUATION

Conservative business men who constantly study present conditions in an endeavor to anticipate future developments are daily becoming more confident. Possibly in no presidential year has politics ever before exerted so little restraining influence upon the industries of the United States. Aside from the fact that some lines of trade are experiencing the usual between-seasons quietude, general business is prospering and expanding to a most gratifying extent. A shortage of labor is complained of in many localities and to some extent is curtailing production. In view of the fact that labor is now receiving the highest wages ever paid, the apparent lack of workers may seem a little strange; but it usually follows a period of depression. When business becomes depressed there is usually a great exodus of laborers to other countries and the demand for help becomes more acute before it can be supplied. Now that many mills and factories are operating close to capacity, particularly in the iron and steel industry where production has reached record proportions, the labor supply is a serious question. Orders continue to come in and they are of large volume. This condition has developed in face of a moderate increase in prices of various steel products. It tells in graphic manner the growth of general trade.

Just at present every banker, financier and business man of the country is a farmer in theory. They are keeping close watch upon growing conditions throughout the world. Reports from most agricultural sections are of promising harvests. The more optimistic look for the greatest crops in the United States this country ever has produced. It is this favorable crop outlook that is having much to do with the return of confidence. The government report this week on condition of the cotton crop was about as had been expected. It indicates a yield considerably below the unusually large one of last year, but a good average yield, probably somewhat under 13,000,000 bales. Next Monday the government will issue its report on condition of spring wheat, oats, barley and other cereals. The greatest of interest is manifested in this forthcoming statement.

On the whole, it may be calculated that the volume of business is about 20 per cent ahead of that of last year at this time. There is probably not one important industry that is not feeling the benefit of the expansion. Prospects are for still greater improvement despite the occasionally expressed gloomy forebodings of the pessimist. There may be recessions now and then, but the future holds great promise. If this year's crops turn out anywhere near the good yield now expected, it is not improbable that next year will be the greatest from an industrial standpoint this country has ever known.—Christian Science Monitor.

WISDOM IN GROWING POTATOES

A few days ago the Register called attention to the economic folly of this country as shown up by the importation of 5,000,000 sacks of potatoes from England and Ireland. And now comes the Christian Science Monitor preaching the same common sense gospel from the same text. It says: "This is the native country of the potato, although Ireland was the first country of Europe to give it recognition, thanks to Sir Walter Raleigh who learned all about it from Sir John Hawkins and put his information to practical use. For nearly three centuries the potato has been a favorite edible the world over. Its cultivation is peculiarly adaptable to the United States. It thrives equally well north and south. It requires comparatively little care when in the ground. It commands a ready market when out of the ground. Everybody eats it; it is as staple as bread; there never is a great surplus of it; in some parts of the country the people who raise it are living in steam-heated homes and riding in the latest model automobiles; the price charged for it through the greater part of the year is frequently exorbitant because of its scarcity.

"Enough potatoes could easily be raised in the United States to supply the markets of the world, yet since last September the importations of them into New York have amounted to 7,000,000 sacks; into Portland, Maine, (not far from Aroostock county, the marvelous potato-producing district of the world), and into Boston, about 650,000 sacks; and into Philadelphia, Baltimore and

SCENE AT A REPUBLICAN NATIONAL CONVENTION IN THE COLISEUM, CHICAGO.

New Orleans quantities sufficient to bring the total importations up to 5,000,000 sacks, the duties alone upon which amounted to some \$3,000,000.

"From the standpoint of a country that is agitated more or less continually by outcries against the high cost of living, and a country that could have produced these 5,000,000 sacks additionally in any one of its agricultural states, this reveals a very lamentable situation. It shows clearly that the high cost of living is not due nearly so much to the trusts and combines and monopolies as to indifference to and neglect of the soil. The soil is ready and able to relieve the situation by doubling or quadrupling the present production of potatoes and other foodstuffs, and all that stands in its way is a lack of labor. Tens of thousands of young men, on the other hand, are being taught that the opportunities that came to their grandfathers and their fathers are denied them, that capitalism is defrauding them of their chances of acquiring competence and independence. They prefer working for a low wage in town and city to working for themselves in the fields. They are looking for the return of opportunities that have passed them by, rather than taking advantage of opportunities that are knocking at their doors.

"Why don't they turn their backs upon the overcrowded towns and cities and their faces toward the farms? Why don't they relieve the pressure upon the workshops, stores and factories and go out into the country where there is elbow room and breathing room and opportunity? Why don't they raise potatoes as a beginning and thus obtain the start that they despair of obtaining in the congested industrial centers? Why?"

Small Angel Cake

Whites four eggs, half level tea spoon cream tartar, half cup granulated sugar, half cup flour, one-quarter teaspoon salt, half teaspoon almond extract.

Put the cream tartar in the whites of the eggs and beat to a stiff froth, then beat in the sugar. Sift the salt with the flour and stir lightly into the other mixture. Add the flavoring and put into a small ungreased angel cake tin. Sprinkle the top with sugar. Bake twenty minutes in a moderate oven.

There's A Vast Difference

AGAINST IT HARD

(Continued from page one)

committee was the servant not the master of the party."

Hadley read from a parliamentary point Roscoe Conklyn raised in 1864, making the same contention.

"This is a question of principle more than of precedent," Hadley continued. "It is said this roll does not contain fraudulent names. As long as we do not fairly face this question, anyone who leaves this convention with a nomination, goes with a tainted nomination, and can neither expect or receive American votes. We cannot settle a question honestly by disregarding it. We must purge our rolls or admit that we want to confer a fraudulent nomination."

Ex-Governor Fort of New Jersey followed Hadley, making the same general argument. Watson surrendered ten minutes of his time to Sereno Payne, but becoming disconcerted by the jeers from the Pennsylvanians, Payne gave way to Watson.

At the conclusion of the debate Rosewater ruled against Hadley's delegate substitution plan.

Hadley appealed from the chair's decision but was ruled out of order. ROSEWATER PRESENTS ROLL FOR TEMPORARY CHAIRMAN

Rosewater then presented Senator Root's name for the temporary chairmanship. He invited other nominations.

Henry F. Coe, of Wisconsin, nominated Gov. McGovern, saying: "I present the name of the brilliant, impartial, fearless governor of my state. Job Hedges, of New York, seconded Root's nomination, whereupon the Taftites leaped to their feet and began a demonstration which lasted a minute and three-quarters. Hadley seconded McGovern's nomination. Flynn, of Pennsylvania, fought his way to the platform amid cheers, but stood back when Gov. Johnson of California appeared. Johnson was well received. He said: "From the great state of California I second the nomination of Gov. McGovern. California will cast twenty-six votes for McGovern. I serve notice that California will cast twenty-six votes on any question concerning the state."

Johnson continued: "If you want a fair deal, vote for McGovern. I deny the right of the national committee, or any set of men repudiated by their own party, to select a chairman for us. We won't tolerate it."

J. Edwin Wood, a negro delegate from Kentucky, followed Johnson. He created a furor by declaring that negro delegates obey their constituents' instructions. The Taftites cheered.

FLYNN SERVES NOTICE FOR PENNSYLVANIA

Steve and Ruef is that Ruef is in jail. Twenty members of the national committee come from states that won't give the Republican candidate a single electoral vote."

The disorder here became so great that Rosewater abandoned all attempt at control. He howled himself hoarse, with Heney grinning. Stevenson, his face flushed, did not move and made no attempt to reply. Heney tried to look unconcerned, but the New Yorkers refused to let him proceed. He turned to Rosewater and appealed to him to restore order. "If you can't hold them I don't see how I can," Rosewater smilingly replied. Heney finally resumed, saying: "Are Taft's friends afraid of the truth?" "Not by a damned sight," yelled a New Yorker. "Please let Mr. Heney proceed," said Rosewater in a weak voice.

The uproar continued. Heney standing with his hands at his sides, grinning. He continued: "You might as well hear me out, for I'll finish it if it takes all summer."

The jeering continued, and Sergeant-at-Arms Stone, through a megaphone, shouted: "The chairman directs me to state that unless the speaker is treated with respect those who violate the rules will be removed from the building."

Heney resumed, assaulting verbally Stevenson, Crane, and Penrose. J. J. Sullivan of Ohio, seconded McGovern's nomination on behalf of the Ohio Roosevelt. Charles Carri, of Oregon, declared he personally favored Taft, but would vote for Roosevelt because he felt bound by the primary vote. He seconded the nomination of McGovern. As he concluded, repeated calls for roll call resounded.

A SHARP EXCHANGE OF CONVENTION COURTESIES

Rosewater, however, recognized Bradley of Kentucky, who defended the national committee, bitterly assailing the Roosevelt contests. "Did you vote for Lorimer?" cried an Illinois delegate. "I did," howled Bradley, "and I voted for a man who is a thousand times better than you." Here the Pennsylvania delegates started a chorus: "Lorimer, Lorimer, Lorimer." Bradley, livid with rage, shook his fist at Flynn and cried: "Let me say something back: 'Liar, liar, liar.' The Rooseveltists jeered, the Taftites yelled. Rosewater was unable to stay the uproar.

THE ROLL CALL FOR TEMPORARY CHAIRMAN

Roll call for temporary chairman began at 3:22. California voted, for Root; 2; for McGovern, 24. California served notice, through Gov. Johnson, that she would not be bound by any action in which the Taft Fourth California district delegation participated.

The roll call began amid clamor, which died after the clerks began using megaphones.

The roll call resulted: Alabama,

Root 22, McGovern 2; Arizona, Root 6, McGovern 0; Arkansas, Root 17, McGovern 1; California, Root 2, McGovern 24; Connecticut, Root 12, McGovern 0; Delaware, Root 6, McGovern 0; Florida, Root 12, McGovern 0.

When Arizona was called, Gov. Johnson of California protested through a megaphone, objecting to the delegates seated by the national committee. Heney aided. Rosewater ordered the roll call to proceed.

Mrs. Porter, of Los Angeles, the first woman delegate to a national convention, was embarrassed when she arose to express her choice. She was received with cheers. Mrs. Blaney of San Jose was also cheered. The California delegation cast the first ballots for McGovern, and was given an ovation.

When the Fourth district of California was called, the names of the seated Taft contestants were called. Johnson leaped to his feet and declared that "California does not recognize the right of the committee to seat the Taft men. I serve notice now," he shouted, "that we will not respect any decision on roll call that recognizes stolen delegates."

The roll call continued: Kentucky, Root 22, McGovern 6; Idaho, Root 0, McGovern 8; Kansas, Root 2; McGovern 18; Louisiana, Root 20, McGovern 0; Maryland, Root 8, McGovern 8; Maine, McGovern 12, Root 0.

Florida was watched by the Taftites with apprehension on account of reports that there would be defections there. When she voted solidly for Root there was wild cheering in the Taft camp. Taft cheers greeted Georgia's vote, where Roosevelt claimed half the delegates, and got only six. Massachusetts, Root 16, McGovern 18; Michigan, Root 19, McGovern 10; Minnesota, Root 6, McGovern 24; Montana, Root 8; Missouri, Root 16, McGovern 20; Nebraska, McGovern 16; Nevada, Root 6; New Hampshire, Root 8; New Jersey, McGovern 28; New Mexico, Root 6, McGovern 2; New York, Root 70, McGovern 13. Total at this point, Root, 366; McGovern, 286.

LA FOLLETTE'S MANAGER

REPUDEDIES MCGOVERN

Vessey, South Dakota, followed Heney. He flayed Bradley, declaring his place in America was politically fixed by his vote for Lorimer.

Henry Allen of Kansas assailed Taft and defended Roosevelt.

La Follette's manager got the floor and declared that the Wisconsin delegation's vote for the temporary chairman, was deceptively unrepresentative of their candidate. "La Follette shall not be responsible for this attempt to force him into an alliance with a candidate with whom he has nothing in common" (referring to McGovern's candidacy). This caused a sensation among the Taftites.

Gates of California, through a megaphone, vainly endeavored to make himself heard.

Paid the Bill

Justice Cox today got a letter from Harriet Blackmer of Venice stating that a bill owing Mrs. J. D. Price had been paid and a receipt given. A warrant was out for the arrest of the Venice woman on a charge of not paying a board bill incurred last November.

Rules Governing The
First Auto Club Run

RULES GOVERNING ... up and be in proper shape to make the grand entry.

Fourth—At the Virginia Hotel all machines will back up to the curb on the north side of Ocean avenue, facing the machines south.

Fifth—A distance of not less than fifty feet must be maintained between machines while making the run between points.

The schedule is to leave Long Beach at 3:30 sharp, going through Westminster and Garden Grove, arriving home at 6 o'clock.

In tomorrow's Automobile Club run the Wm. F. Lutz Co. has made arrangements to send along one of its cars in charge of two competent mechanics. This car will carry most anything the motorists will need for immediate relief; also will make any roadside adjustments. This certainly shows the right spirit of this well-known firm.

OLD MISSION BELL RINGS NO LONGER

Many Would Have it Taken Down and Laid Aside as a Mission Relic

VENTURA, June 18.—There is a protest against the movement to have recast the old Mission bell in the tower of the Mission church in this city. Its tongue fell out a few weeks ago, caused by the wearing out of the bar from which the clapper swung. Those who are opposed to recasting say that it would not be the same bell and that its tone would be changed and that it had better be laid aside as a Mission relic and a new bell purchased.

EBELL LAWN FETE

Grounds in State of Preparation For Friday's Big Event—Committees Active

Today the spacious grounds of the home of Mrs. H. T. Rutherford are the scene of busy activity in anticipation of the social event of the Ebelle year, the garden fete, Friday, June 21, from 3 to 9 p. m. Booths are being erected under the able supervision of Mrs. J. I. Clark, whose work will be followed tomorrow by that of the decorating committee, Mrs. Charles Riggs and Mrs. Rutherford; after which, the chairmen of the various booths will add the final touches which give a personal charm to each booth.

Mrs. Geo. S. Smith will be chairman of the candy booth with a number of society buds to assist her, while Mrs. C. S. Kendall will dispense liquid and sugary sweetness in the maple sugar booth.

Mrs. Geo. S. Smith will be chairman of the candy booth with a number of society buds to assist her, while Mrs. C. S. Kendall will dispense liquid and sugary sweetness in the maple sugar booth.

The lighting will be in charge of Mrs. Leiby, while Mrs. H. G. Hull will look after the music, and Mrs. H. Clay Kellogg, the entertainment. Mrs. Harry Dean will have the task of selecting the most attractive young girls in town to sell peanuts, pop corn and chewing gum.

The supper committee is in charge of Mrs. E. S. Wallace with the following ladies to aid her in preparing and filling the lunch boxes for the picnic supper: Mesdames Winblier, Blee, Dryer, Getty, Baumgartner, Crookbank, Wehrly, W. W. Anderson, and Misses Preble, Minter, and Crookbank. The lunch boxes will be sold for 50c for a single lunch or \$1.00 for two and will contain everything necessary for a good supper, while hot coffee will be served without extra charge.

This is the only event of the year given for the benefit of the club house fund, so the ladies expect an unusually large attendance and generous returns for their work. The general public is invited as well as Ebelle members. Guests coming on the electric cars will get off at the corner of Fourth and Lacy streets and go south to First street and east one block. Admission 25 cents.

Lutheran Picnic
The Lutheran congregation will have its annual picnic tomorrow at the Orange County Park. The starting point will be from the German Lutheran church, which is located at Sixth and Brown streets. All members are kindly asked to be at the church at 7 a. m., so as to get an early start. All guests are cordially invited and are kindly asked to bring their friends. There will be plenty to eat, plenty of games, etc.

Who Will Give This?
The most urgent need of the Ebelle Day Nursery at the present time is an out-of-door frame swing that will be safe for small children. Such a gift will be gratefully received and would afford an immense amount of pleasure for the little ones who are the inmates of the Nursery.

Orange County Conservatory of Music
We are hoping that many more pupils will next year avail themselves of the superior advantage to be had in taking the regular amateur and academic courses. Those pupils taking these courses during the past year are the ones who have made the finest progress.

In time the general public will appreciate the value and the economy of these arrangements for thorough, comprehensive and uninterrupted music study.

504 1/2 North Main St. Main 214.

CO-EDUCATION IN HIGH SCHOOL NOT POPULAR IN CITY OF RIVERSIDE

Riverside correspondence of this morning's Los Angeles Examiner publishes to the world that the fair city of Riverside does not maintain a co-educational high school, but has separate establishments for the boys and girls.

The statement says: "Fifty young women comprise the graduating class of the girls' high school, whose members were awarded diplomas last night, following commencement exercises in the Loring opera house, which was filled with admiring parents, friends, and patrons of the school. Thirteen graduates had places on the program, no preference being given those who attained the highest grades in their studies."

"Tonight, 37 boys will be graduated from the boys' high school, six taking part by giving orations."

Brother of Mrs. Remberg
Warren G. Harding of Marion, Ohio, scheduled to present President Taft's name to the Republican national convention as second-term candidate for the presidency of the United States, is a brother of Mrs. Elton E. Remberg of 1705 North Main street.

Mr. Harding is a newspaper man, being publisher of the Marion Daily Star; has been lieutenant governor of his state, as well as the candidate of his party for governor. He has always been interested in politics and in newspaper work, engaging in both before he left college.

Missionary Meeting
The regular missionary meeting of the Congregational church will be held this month at the home of Mrs. W. B. Tedford, 1319 North Broadway, tomorrow afternoon.

This is the last meeting of the year and will be in charge of the Amphion Circle. Mrs. F. C. Rowland will have charge of the program, Mrs. N. A. Beals of the devotionals, and Mrs. George McPhee is chairman of the reception committee. All ladies of the congregation are cordially invited to attend.

Spoke at College Banquet
D. Edson Smith of Santa Ana, seventy-four years young, literally one of the most agile and supple men in this city, occupied a unique position as the first graduate of the University of Iowa, at the recent reception and banquet tendered to Dr. Pickard, a former president of the university. The affair, held at the Hotel Hayward, Los Angeles, was participated in by members of the University of Iowa Association. Judge Willis of the superior court, acted as toastmaster at the banquet, at which Mr. Smith was one of the after dinner speakers. As the first graduate of the university, he had interesting reminiscences of the university and of the early days of Iowa City. Coming to the present time, he declared with the venerable ex-president, that California has proved to be a veritable fountain of youth.

For Bride-to-Be
Mrs. Theo. Winblier and Mrs. E. B. Burns will entertain on Thursday afternoon for Miss Velda Medlock who is to be married Friday, June 28, to C. A. Gustin. The hostesses will entertain at the home of Mrs. Burns on Spurgeon street.

Boys' Camping-Out Party
That was a jolly crowd that left yesterday for Saddleback mountain to enjoy a whole week of camping out. The members of the crowd were about thirty of the Boys' Brotherhood of the First Congregational church under the leadership of Rev. Chas. H. Secombe. The boys in command were Dorrell Pierce, Mark Todd, Frank Chapman, Hill H. Bartlett and Joseph Reilly. They and their company were loaded, or rather loaded themselves, into the big express truck of the Pioneer Truck company and then there was a merry chorus of last words as the enthusiastic campers began their "trek" to the blue mountains beyond.

The camp, already victualled and supplied with sleeping comforts and other camp equipment, had been chosen days before the departure of the eager boys, and will be the scene of a genuinely good time for the rest of this week.

Successful Recital
The second of the series of recitals to be given by C. Percival Garratt, organist of the United Presbyterian church, attracted a large number of music lovers to that beautiful church last evening. Both the main and Sunday school auditoriums were pressed into service, so large was the attendance of those anxious to hear Mr. Garratt, who has already established a local reputation as being a master of that noble instrument, the pipe organ.

PICKARD
Hand Painted China

Nothing could be more appropriate for the wedding gift than a set or piece of this beautiful and artistic hand decorated china, which without question is unequalled for beauty of coloring and design, or variety of style and decoration, in America or Europe.

CLIMATE MADE A DIFFERENCE

"Dad" Moulton Discusses Hor-
ine's Performances Before
Taking the Steamer

SAN FRANCISCO, June 18.—"Dad" Moulton, the veteran Stanford trainer, and the man who really developed George Horine as a high jumper, has these interesting remarks to make on the work of Horine in the east:

"One important reason for Horine not showing to better advantage in the last few days before he left for Stockholm is undoubtedly the climate change from this coast to the eastern atmospheric conditions. This has had a great effect on him and has taken all the 'pep' out of him.

"The change is not felt for the first few days and Horine clearly showed this when he did six feet four inches when right off the train, then six feet five inches and then six feet eight and a quarter inches. But after that the climate got him and he was not himself. I never yet have landed a Stanford team in the east or middle west more than one day before competition and every man at all

times came through and performed as well under those conditions as at home.

"I learned these things years ago about the climatic changes when I was a sprinter and traveled considerably in the east and middle west.

"Horine is a man that condition of muscles goes a long way with. For eight days here before a big meet I attended to Horine personally. When ever he made his big jumps he never touched the bar. He swings his left arm to assist the raise and if done too quick he is liable to knock off the bar. This is a mighty clever thing to do just at the right time. Mighty few who break world's records continue repeating, but I will wager that Horine will make six feet eight inches or better in competition. He has already broken the world's record twice, a performance that perhaps only Rose and a scattered few athletes in other branches are capable of doing.

"I think Horine will be O. K. at Stockholm and should have no trouble in winning the big Olympiad. If he has his 'pep' there will not be another man in the world who will jump closer than three inches of him and perhaps not that near."

DON'T GET RUN DOWN

Weak and miserable. If you have kidney or bladder trouble, dull head pains, dizziness, nervousness, pains in the back, and feel tired all over, get a package of Mother Gray's AROMATIC-LEAF, the pleasant herb cure. It never fails. We have many testimonials from grateful people who have used this wonderful remedy. As a regulator it has no equal. Ask for Mother Gray's Aromatic-Leaf at Drug-gists or sent by mail for 50 cents. Sample FREE. Address, The Mother Gray Co., Lefroy, N. Y.

CHAPLANS ARE TO GO TO JAIL

Imperial Valley Land Owners
Enter Today on 9-Months'
Prison Sentence

Los Angeles Tribune: David H. and Frank N. Chaplan, wealthy California land owners, today will begin the service of sentence of nine months each in prison in pursuance of an order entered more than two years ago by Judge Olin Wellborn in the United States district court.

In custody of Deputy United States Marshal Ervin Dingle, the Chaplan brothers left last night for San Francisco. They will be placed in the Solano county jail today.

The prisoners were convicted in January, 1910, of conspiracy to defraud the government out of a vast area of public land in Imperial Valley through the instrumentality of dummy entrymen.

Each paid a fine of \$1000 as part punishment.

"SCOTTY" NO LONGER MINING MYSTERY

Fabulously Rich Death Valley
Mines Are Myth—Was Tool
of Promoters

"Scotty," or "the Death Valley Mystery," legally known as Walter Scott, yesterday admitted in Los Angeles to G. Ray Horton, chief deputy district attorney, and Samuel L. Browne, head of the bureau of criminal investigation, that he has no money, no mines, and has had neither for the past seven years, only as he has been the scapegoat and tool of mining promoters. This confession was made in connection with an inquiry into "Scotty's" connection with a recent transaction in which he is said to have received \$25,000 from the Death Valley Scotty Gold Mining and Developing Co. for his Panamint Range mines.

In the confession made by Scott, says the Los Angeles Examiner, the man of mystery declared that the ambuscade in Wingate Pass, the big rolls of money, the supposedly fabulous expenditures for pleasure, the periodic and meteoric bursts of "Scotty" on the Los Angeles horizon, all were pretenses, and how pitiful they now seem to this only putative son of the desert was revealed in the humiliation which he visibly suffered.

"For three hours 'Scotty' sat in the district attorney's office and recited, in that rough and picturesque language he uses, the seven years' strange history of the role assumed by himself as the instrument of promoters whom he did not spare. Neither did he spare himself.

"Regarding the recent deal between the Death Valley Scotty Mining and Development Company and 'Scotty,' Secretary F. C. Goodin of the company reiterated his previous declaration as to the payment to 'Scotty.'

"Mr. Scott was paid the \$25,000 and I have the receipt for it," declared Goodin yesterday. "As to who supplied the money, that information must remain a secret; the gentleman insists that his name shall not be made known."

TO REACH ORANGE AT 8.30 O'CLOCK

Orange News: V. D. Johnson, secretary of the Merchants & Manufacturers' Association, has received the following communication:

Santa Ana, June 13, 1912.

Merchants & Manufacturers' Association, Orange, Cal.:

Gentlemen—There will be a club run by the Santa Ana Automobile Club on Wednesday, June 19th. The party expect to leave Santa Ana at 8 o'clock a. m. sharp, arriving at Orange 8:30, Anaheim, 9:30, Fullerton 10, and from Fullerton will go via Whittier to Long Beach. On the return Westminster and Garden Grove will be visited.

Speakers will be with the party and will talk on the "Good Roads Movement" at Orange.

Try and meet us and help boost the good work along.

Yours truly,
Santa Ana Automobile Club.
By Clyde Walker, Secretary.

HAPPY WEDDING LAST SATURDAY

WESTMINSTER, June 18.—Mr. Emmett W. Fowler, son of Mr. and Mrs. E. P. Fowler, and Miss Sarah Mitchell, daughter of Mr. and Mrs. Robert Mitchell of Los Angeles, were united in marriage at the Fowler ranch near Westminster on Saturday, June 15 at 4 p. m. Rev. W. T. Wardle, pastor of the Westminster Presbyterian church officiated, using the ring ceremony. A delightful wedding dinner was served. Relatives, friends and neighbors present spoke their words of cheer and greeting to speed the happy pair in the new life which they are to travel together.

LICENSED ELSEWHERE
A marriage license was issued in Los Angeles yesterday to Melvin W. Gruwell, 27, of Orange, and Etta M. Churchill, 28, of Sheridan, Mo.

THURSDAY TO BE BIG DAY

Chamber of Commerce Boost-
er Campaign Should Have
Everybody's Aid

Reception of the Afternoon to
be in Rooms of From 2
Until 5 O'Clock

Everything points to a successful
Santa Ana booster day on Thursday
of this week, for the members of the
Chamber of Commerce are hustling to
get things into shape, signing new
members and making plans to make
the day a live one.

The entertainment at the Temple
Theater on Thursday evening is to be
an unusually attractive affair. It will
commence at 7:30 o'clock.

Everybody is invited, but children
under fifteen must be accompanied by
adults. The official program follows:
Open air concert by Santa Ana City
Band, from 7 to 7:30.

Orchestra selection at 7:30.

Moving picture reel, showing sugar
beet industry of Orange county. This
will be the first public exhibition of
this interesting feature.

Orchestra selection.

Select readings by Mrs. Dr. A. M.
Roberts.

Orchestra selection.
Illustrated stereoscopic lecture on
Orange county by J. W. McDannald,
showing 200 slides of our resources
and attractions.

Come early if you want a seat. Good
order guaranteed. Get the "Booster
Button" habit.

The Reception
The Santa Ana Chamber of Com-
merce will hold a reception Thurs-
day afternoon, June 20, from 2 to 5 p.
m., at its rooms in the City Hall, to
which everybody is cordially and ur-
gently invited. Punch and wafers
will be served by the Ladies' Civic
Club. Come and examine the Cham-
ber's exhibit, find out what the or-
ganization is doing and partake of the
cup which cheers but does not inebri-
ate. Remember the hours, from 2
to 5 p. m., and don't fail to attend
yourself and to bring any visiting
friends with you.

Everybody is Benefitted
The membership of the Santa Ana
Chamber of Commerce should by no
means be confined to business men
and close in residents of the city. In
most cases the ranch owner has been
more benefitted by the efforts of this
organization than any other property
holder, for his property is more sus-
ceptible to increase in value. The
ranch owner cannot invest in any-
thing which will bring him better re-
turns than a membership in and en-
thusiastic support of the Chamber of
Commerce. The dues are only 50
cents a month and there is no other
fee or expense. Come in everybody
and help boost Santa Ana and Orange
county.

AT THE COURTHOUSE

TELLING STORY OF SHOOTING

Witnesses Say Sainz 'Was In
Ugly Mood and Threatened
to Kill One or Two

So far three of the Spanish wit-
nesses who testified against Rosario
Sainz a year ago at the time he was
convicted and sentenced to be hanged
have testified in the second trial.
These three are Santos Carrisosa,
Salvador Valenzuela and Jose Feliz.
These three men told the old fam-
ilar story of the afternoon and even-
ing at Carrisosa's sheep-shearing
camp. They said Sainz was drinking
and in an ugly mood, boasting as he
fired at a cat that that was the way
he would get one or two that night.
After dark the shooting occurred.
Carrisosa and Valenzuela were in
front of a tent with Jose Machado
when three shots were fired from near
the tent where Sainz was, and Ma-
chado fell dead.

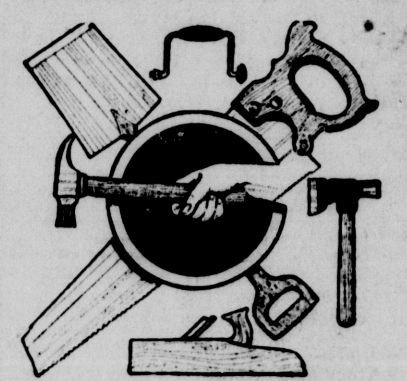

ARE AFTER A POLY HIGH

ORANGE, June 18.—Petitions are
being circulated, addressed to the high
school board, asking for a bond elec-
tion and the establishment of a poly-
technic high school. Several civic
bodies are backing the movement. No
figures are mentioned in the petitions,
but it seems likely that the issue de-
cided upon will be \$50,000.

GRADES OF CREAM TO BE PAID FOR ACCORDINGLY

TULARE, June 18.—In accordance

Mechanics Tools

Our large stock of hardware includes
a complete line of tools for all trades
and the prices will look good to you.
We are now showing an exceptional-
ly fine line of builders hardware.

A. H. WILLIAMS
307-309 West Fourth St.

With the referendum vote which was
taken this season among the mem-
bers of the Tulare County Dairyman's
Association, grading of cream will be
started at once, and a difference of 5
cents per pound will be made between
prices of the first and third grades.
According to the general notice, which
has been sent out to the dairy owners,
the first grade cream must contain
30 per cent. butter fat; not over 2 1/2
per cent. of acidity; temperature un-
der 75 degrees and flavor uncommen-
tated. Second grade the same re-
quirements, except that the acidity al-
lowed is over 2 1/2 per cent. Third
grade cream is that in which the fla-
vor is impaired.

HOT WEATHER SENDS HOSTS TO BEACHES

Los Angeles Examiner: A passen-
ger rush, far ahead of any previous
year, is now on from New Mexico,
Arizona and Southern Nevada to Los
Angeles. Hot weather in those sec-
tions is responsible and people who
can get away are fleeing to the cool,
refreshing, delightful summer climate
here.

All the railroads are enjoying this
season of prosperity, but the Southern
Pacific by reason of its location is
bringing in the greatest number. The
Salt Lake Route added an extra sleep-
er to both of its big daily trains to
bring the people to the ocean from the
flat country and the Santa Fe reports
a heavy increase in traffic from all
points touched by it in Arizona and
New Mexico. The Southern Pacific
has added extra coaches and an extra
sleeping car to all west bound trains from
El Paso through to the coast and has
largely increased the regular equip-
ment of its Imperial Valley trains.

The demand for beach cottages and
bungalows is unprecedented.

WAS SMALL TORNADO

Rain and Wind Topped Two Huge
Tents to Ground Imprisoning a
Crowd of 1100 People

NEW YORK, June 18.—A miniature
tornado, accompanied by torrential
rain, that swept over New York and
Brooklyn yesterday afternoon, knock-
ed down two huge tents in which 1100
men, women and children had sought
shelter at the carnival given in Brook-
lyn by a Catholic society.

There was a wild rush from beneath
the great spread of canvas when the
poles fell and the structure began to
sink to the ground. The aisles and
passageways were jammed in an in-
stant. Both tents fell at the same
time, and above the roar of the wind
could be heard the frightened cries of
at least 300 persons who were caught
under the canvas.

A number of men cut their way
through the heavy tenting and others
assisted the women and children to
the outside. In a short time all were
out in the pelting rain except sixty,
and they were later liberated.

ANTHRACITE COAL TRANSPORTATION SUBJECT OF PROBE

WASHINGTON, June 18.—The In-
terstate Commerce Commission has
ordered an inquiry into the rates,
practices and rules governing the
railroad transportation of anthracite
coal. The purpose of the inquiry is to
determine whether the coal is mined
under the authority of the common
carriers engaged in transporting it.

Santa Ana Painless Dentists. 102 1/2

DEATH BRINGS OUT MARRIAGE

Soon Settled That Man Mar-
ried May 14 Was Not In-
toxicated at Time

The death of Albert F. Waterfield
last Saturday has started an investi-
gation as to his marriage in Santa
Ana on May 14. There are intimations
of a contest over his property. It is
thought Waterfield's relatives knew
nothing of his marriage until his cer-
tificate was found after his death.

An uncle and aunt of Waterfield in-
vestigating the records found that
Waterfield, who gave his age as 21, of
Los Angeles, was married by Rev.
Paul E. Wright to Carmelita V. Rom-
ero, 20, of San Francisco.

The woman said that she had raised
Waterfield, and she thought some-
thing must have been the matter with
him else he would not have married
secretly. She insisted that he must
have been intoxicated, but that point
was soon settled, for Rev. Wright
would never marry an intoxicated
person, and those who witnessed the
ceremony declare that Waterfield was
perfectly sober.

The woman declared that Water-
field was but 20 years of age, hence
the marriage was illegal and the wife
not entitled to his property.

BOOSTING FOR GOOD ROADS

Party From the North Passes
Through on Pilot Tour For
New Highway

To formally inaugurate a movement
to "See America First," and laying
out the route for an automobile high-
way through the state which for vari-
ety and beauty of scenery possibly
cannot be equaled in the United
States, is the mission of a party which
arrived in Santa Ana shortly after
noon today, traveling in four E.-M.-F.
cars.

The trip is known as the pilot tour
of the "Pasear," which is the name
which has been given to the proposed
new highway, and the expedition is
under the auspices of the Inyo County
Good Roads Club. The party left San
Francisco on Monday of last week,
traveling by easy stages southward
along the coast. From here the party
went to San Diego, and from there
will travel by the inland route back
to Los Angeles, thence across the
desert and through the eastern part
of the state to the starting point.

The object of the trip is to estab-
lish the route outlined as a recogniz-
ed touring route, and to arouse en-
thusiasm for road improvement along
the line. The director of the tour is
W. C. Scott, secretary of the Inyo
County Good Roads Club, and among
others in the party are Wilbur F. Mc-
Clure, State engineer; Carl Wester-
field of San Francisco, who is the per-
sonal representative of Governor
Johnson on the tour; Percy J. Walker
of San Francisco, member of the ex-
ecutive committee of the American
Automobile Association; Peter B.
Kyne, the noted author; other promi-
nent good roads workers and repre-
sentatives of various newspapers and
periodicals. Some of those named will
only join the party at Mojave for the
rest of the trip.

The party was met at Fullerton by
a pilot car from Santa Ana, and es-
corted to this city, where lunch was
taken at the Dragon. Immediately af-
terward the trip was resumed.

Found a Kittenpillar
At the age of three Janet was an
enthusiastic student of entomology.
One day she discovered a caterpillar
for herself, a very tiny one. "Oh,
come here!" she called. "Here's a
caterpillar, the cutest little tiny thing!
I believe it's a kittenpillar!"

La Follette Supporters

It is proposed to organize at once a California branch of the La Fo-
lette National League, therefore, every loyal La Follette progressive is
requested to send name and address to the La Follette Headquarters
204 First National Bank Building, San Francisco.

During the past eleven years the trusts have ruled the land, and the
cost of living has constantly increased. The people should fight for
change. Enlist under the leadership of Senator La Follette; he under-
stands our problems and can be trusted to make the people's fight
Support him now and then go on to victory with him. If he fails to get
the nomination in June, 1912, we must make sure of his election in 1914.
Do not delay. Join now.
